The Myth of Aging Arnold Gilberg MD, Jon Land, 2026-01-13 Arnold Gilberg MD a Distinguished Life Fellow of the American Psychiatric Association has treated thousands of patients in his Los Angeles based practice. Now the so called psychiatrist to the stars wants to put his six decades of experience to good use by offering a prescription for happiness and fulfillment aimed mostly at those enjoying what should be the happiest years of their lives. Dr Gilberg who himself became an ordained rabbi later in life and is still practicing psychiatry as an octogenarian offers a model for finding the joy and energy to speed up instead of slow down. In The Myth of Aging he covers a range of topics that center on the inevitabilities along with the boundless possibilities of life believing wholeheartedly that being whatever and whoever you want is not reserved exclusively for the youngest among us. Dr Gilberg brings his clinical experience to the table to help people create positive changes in their lives. Because you're never too old not only to dream but also to see those dreams come true.

Alexandre Tower,2024-12-09 In this book astrology has not only been an ancient art of interpreting celestial movements but a bridge to mindfulness a means to ground ourselves in the present and to face life's challenges with serenity and grace Each month has been a celebration of our uniqueness and our ability to transform daily events into opportunities for growth We have learned to recognize cosmic influences not as limitations but as springboards to become better versions of ourselves The Wisdom of the Stars The stars have never been simple silent observers They shine to inspire us to remind us that the universe is in constant movement just like us Planetary transits aspects and celestial configurations have been interpreted not to predict with certainty what will happen but to show us the infinite possibilities that we can seize This approach has transformed each zodiac sign into a personal guide and each month into an opportunity to reflect plan and act We have explored the unique characteristics of each sign but we have also recognized ourselves in the universal similarities that unite us as human beings Each of us under the sky is part of a cosmic dance that invites us to connect with the world with others and with ourselves The Magic of Mindfulness Mindfulness intertwined with astrology has been the beating heart of this book Alexandre's practical advice has reminded us that regardless of what the stars indicate the power to live fully always lies within us Through mindfulness exercises guided meditations and moments of reflection we were encouraged to slow down listen and be present Each chapter of mindfulness was an invitation to pause the chaos of everyday life and focus on what really matters our breathing our thoughts our feelings and our actions In this way we learned that true alignment is not only with the stars but also with our heart and mind Cooking as a Rite of Mindfulness The recipes that enriched this book were not simply a culinary appendix but a way to bring mindfulness into daily life Through the art of cooking Alexandre showed us how every gesture every ingredient and every dish can become an act of love towards ourselves and others From baked pasta to fish dishes from desserts that evoke childhood memories to dishes that celebrate the season each recipe was an invitation to slow down to enjoy the flavors and to recognize the beauty hidden in the details In a world that often pushes us to rush Alexandre taught us to rediscover the pleasure of slowness to find joy in simplicity and to create deep connections through food A Tribute to Famous People The famous people we met along the way were a source of inspiration Their lives marked by challenges and triumphs reminded us that even those who seem to be in a bright light have faced moments of shadow Their stories encouraged us to find strength in our weaknesses and to celebrate our successes big and small Each month paid

tribute to figures who with their talent and courage have left their mark on the world From these earthly stars we learned that determination and passion can overcome any obstacle and that each of us has the potential to shine An Endless Journey HOROSCOPE 2025 MINDFULNESS was designed not only to accompany us for a year but to stay with us as a guide for life
