## Montessori Activities Primer:

*Basic Montessori* David Gettman, 1988-05-15 For more than a century Dr Maria Montessori's educational philosophy has been adopted by schools around the world Based on her scientific approach to child learning through observation and experimentation the Montessori Method champions a classroom where children are encouraged to interact with their environment and develop their own natural need for knowledge In *Basic Montessori* David Gettman has devised a clear and modern explanation of Montessori's revolutionary ideas about early intellectual development offering a step by step guide to the learning behaviors most commonly used with children under five These include activities for introducing reading and writing counting and decimal concepts science and geography as well as activities that help develop the child's practical and sensorial skills A perfect primer for teachers child caregivers and parents this volume shares this essential program to help adults discover how their children learn

*Encyclopedia of Educational Reform and Dissent* Thomas C. Hunt, James C. Carper, Thomas J. Lasley, II, C. Daniel Raisch, 2010-01-12 Educational reform and to a lesser extent educational dissent occupy a prominent place in the annals of U S education Whether based on religious cultural social philosophical or pedagogical grounds they are ever present in our educational history Although some reforms have been presented as a remedy for society's ills most programs were aimed toward practical transformation of the existing system to ensure that each child will have a better opportunity to succeed in U S society Educational reform is a topic rich with ideas rife with controversy and vital in its outcome for school patrons educators and the nation as a whole With nearly 450 entries these two volumes comprise the first reference work to bring together the strands of reform and reformers and dissent and dissenters in one place as a resource for parents policymakers scholars teachers and those studying to enter the teaching profession

**Key Features** Opens with a historical overview of educational reform and dissent and a timeline of key reforms legislation publications and more Examines the reform or dissent related to education found in theories concepts ideas writings research and practice Addresses how reformers and dissenters become significant culture shaping people and change the way we conduct our lives

**Key Themes** Accountability Biographies Concepts and Theories Curriculum and Instruction Diversity Finances and Economics Government Organizations Advisory Organizations Business and Foundations Organizations Curriculum Organizations Government Organizations Professional Organizations Think Tanks Public Policy Religion and Religious Education Reports School Types Special Needs Technology This authoritative work fills a void in the literature in the vast areas of educational reform and dissent making it a must have resource for any academic library

Availability in print and electronic formats provides students with convenient easy access wherever they may be

*Dementia* Ellen Hickey, Michelle S. Bourgeois, 2011-02-14 *Dementia From Diagnosis to Management A Functional Approach* is a comprehensive description of a functional and behavioral approach to assessing and treating persons with dementia While very practical the information is embedded in a scientific context of the causes neuropsychological manifestations and complications of dementia The

management of the impairments of dementia is centered on its functional consequences and impact on daily living The chapters describe behavioral interventions and environmental strategies that aim to improve daily activities and quality of life from a proactive communication and memory basis Specific suggestions are provided to enhance family involvement and staff relationships interdisciplinary cooperation reimbursement and documentation across various home and institutional settings The book is written in a straightforward style and is evenhanded in its critical analyses of the evidence available to inform practice The extensive clinical backgrounds of the authors allow them to use real world case studies to illustrate common challenges of persons with dementia and potential solutions for caregivers Further resources and clinical materials are included in comprehensive appendices The volume provides essential reading for clinicians and administrators who seek to improve the lives of people with dementia and those who care for them It is also an invaluable reference for beginning students in adult language disorders and gerontology

**Homeschooling For Dummies** Jennifer Kaufeld,2020-08-06
