

A group of five business professionals, three men and two women, are seated around a glass conference table in a modern office setting. They are all dressed in business attire, including blazers and suits. The woman on the far left is gesturing with her hand while speaking. The man next to her is listening intently. The woman in the center is also listening. The man next to her is looking towards the woman on the far right, who is speaking. Serving On A Board Of Directors Nonprofit:

Joining a Nonprofit Board Marc J. Epstein, F. Warren McFarlan, 2011-04-19 Often business executives serve or are asked to serve as board members of nonprofit organizations. However, without a clear understanding of how nonprofits work, service on a board can be a frustrating experience. Joining a Nonprofit Board offers an important guide to the roles and responsibilities of a nonprofit board member. Marc J. Epstein and F. Warren McFarlan provide a step-by-step guide to how board members can work with a nonprofit organization to achieve the organization's overarching mission, attain financial sustainability, and develop and execute the systems needed to accomplish both. Based on more than 10 years of research from Rice University and Harvard Business School and filled with illustrative examples, Joining a Nonprofit Board explores the basic structure of a nonprofit, explains how to build and monitor a nonprofit's mission, and identifies how the board performs an effective assessment of a nonprofit. The book also explores the challenges posed by the duality of leadership between the unpaid volunteer non-executive chairman of the board and the CEO. Joining a Nonprofit Board includes a helpful explanation of a board member's life cycle. The authors start with the decision to join a board and explain how to prepare for the first meeting. The book explores how to serve effectively the first two years and reveals what it takes to develop your ongoing role as a trustee. Finally, the book describes how to transition off the board to other forms of service with the organization. Joining a Nonprofit Board is a comprehensive resource for anyone who wants to take their experience in the business world and serve a nonprofit with passion and clarity.

Board Member Orientation Michael E. Batts, 2011-02-03 Finally, board member orientation truly simplified. Serving on a nonprofit board can be an incredibly rewarding experience for the properly prepared board member. This book is for the generous and busy people who agree to give of their time and talents by serving on nonprofit boards. Nonprofit boards often fail to do a good job of board member orientation for a variety of reasons. It takes a significant amount of time and effort to plan and conduct quality board member orientation programs, and every time a new board member arrives, it's time to do it again. Because of the challenges associated with providing quality board member orientation, many nonprofit organizations do not do it at all, leaving their board members to wing it. This book provides help and support to the truly great men and women serving on nonprofit boards whose service makes a positive difference in the lives of countless people every day. This book is a concise and appropriately comprehensive guide to nonprofit board service designed especially for new board members. It is a quick read, about one hour, yet it addresses with accuracy the most significant elements of board service, such as mission, responsibility, duty, risk, liability, and board meeting dynamics. Hooey Alerts Watch for Hooey Alerts, where the author identifies and dispels common myths and legends about nonprofit board service. There are many sources of false or misleading information about the nonprofit board service environment. A perfect example is the often vaguely worded and intimidating assertion or implication that the Sarbanes-Oxley Act, passed by Congress in 2002, applies to nonprofit organizations in a manner similar to how it applies to publicly traded companies. It does

Called to Serve Max De Pree, 2001-06-20 Called to Serve is for people with questions about creating and maintaining a successful nonprofit board. How can the board of a nonprofit organization work best? Now that I'm on such a board, what should I do? How can we find the best trustees? How should I think about my work for nonprofits? What kind of relationship between a board and the staff will work best? How can we organize and develop the service of busy committed people? Internationally renowned CEO and best-selling author Max De Pree packs his many years of experience on nonprofit boards into these short letters directed to busy folks active in nonprofit life. Brief, clear, and above all useful. Called to Serve notes the marks of an effective board, lays out the proper work of boards, gives choices for structuring a nonprofit board, and covers the roles and relationships of board chairpersons, trustees, and presidents. Today there are more than 1.5 million nonprofit organizations in America with 109 million people working in this important sector of society. In spite of this surprising fact, very little training exists for this kind of service. Called to Serve is valuable not only because it fills this need but also because it comes from the pen of one of America's most experienced and respected business leaders.

The Importance of Nonprofit Board Leadership: A Guide to Creating a Highly Successful Nonprofit Board Dennis C. Miller, 2024-01-10 This book is about the importance of board leadership and how to create a highly

successful nonprofit board It is intended for the millions of people like you who volunteer their time as a member of a nonprofit organization board of trustees or directors the CEOs who lead those organizations and anyone who is inspired to serve their community as a nonprofit executive or board member in the future Regardless of the mission of your organization or your role within it you have made a commitment to have a positive impact on society locally nationally or globally My goal is to provide you with a proven roadmap to improve your board s performance The recommendations in this book are based on decades of nonprofit board governance experience When implemented these strategies will help lead your organization toward greater effectiveness and impact The benefits of serving as a board or executive leader of a highly successful nonprofit can be personal as well for it is highly gratifying to know that you are bringing real value to the community Throughout the book I will pose questions intended primarily for board discussion I strongly suggest including at least one key question on every board meeting agenda as a way to educate and engage your members on how to become a highly successful nonprofit board I believe it is important for everyone to be aware that nonprofit organizations are vital to our country s societal and economic well being They provide a wide range of services that are crucial to the public good including education the arts healthcare social services environmental protection access to food and affordable housing faith based organizations and more Every nonprofit in its way provides the community with needed support often transforming beliefs and hopes into action Nonprofit organizations vary significantly in size and scope from small local charities to large international organizations Seventy six percent of nonprofits have annual revenues below 100 000 while 4% have annual revenues between 1M and 5M The remaining 20% of our nonprofits have revenues above 5M while less than 0 2% have annual revenues of billions of dollars Unfortunately only around 50% of nonprofits are successful in our country According to the National Center for Charitable Statistics about 30% of nonprofits will cease to exist in 10 years and some experts predict the failure rate will be much higher The truth is that is not enough to have a worthy cause or a passionate team The biggest hurdle to success is executive leaders who lack the contemporary competencies and experience necessary to steer their organization toward success and board members who have not had adequate training on nonprofit board governance and knowledge of what is required from them for their organization to be successful Just because someone is a successful business executive community leader or prominent citizen in your community does not necessarily mean that they are prepared to become a good nonprofit board member And even a nonprofit CEO who had success in the roles they held prior to becoming a chief executive can benefit from leadership education coaching and support to propel their board and leadership team forward With knowledge about what is needed to become a great nonprofit board and a deeper understanding of the nature of board leadership every nonprofit can achieve a higher level of performance As you work your way through this book you will discover many opportunities to ask yourself whether or not your board is on the path to becoming highly successful I hope you will consider using all that is offered in these pages to raise your organization s
