Send Ps3 To Sony For Repair:

Owned Joshua A. T. Fairfield, 2017-07-10 In this compelling examination of the intersection of smart technology and the law Joshua A T Fairfield explains the crisis of digital ownership how and why we no longer control our smartphones or software enable devices which are effectively owned by software and content companies In two years we will not own our smart televisions which will also be used by advertisers to listen in to our living rooms In the coming decade if we do not take back our ownership rights the same will be said of our self driving cars and software enabled homes We risk becoming digital peasants owned by software and advertising companies not to mention overreaching governments Owned should be read by anyone wanting to know more about the loss of our property rights the implications for our privacy rights and how we can regain control of both
