*Liberty: 1784* Robert Conroy, 2014-03-04 In 1781 George Washington's attempt to trap the British under Cornwallis at Yorktown ends catastrophically when the French fleet is destroyed in the Battle of the Capes. The revolution collapses and the British begin a bloody reign of terror. A group of rebels flees westward and sets up a colony near what is now Chicago. They call it Liberty. The British, looking to finish what they started, send a very large force under Burgoyne to destroy them. Burgoyne is desperate for redemption and the Americans are equally desperate to survive. [Post-9/11 Historical Fiction and Alternate History Fiction](#) Pei-chen Liao, 2020-09-19

Drawing on theories of historiography, memory and diaspora as well as from existing genre studies, this book explores why contemporary writers are so fascinated with history. Pei-chen Liao considers how fiction contributes to the making and remaking of the transnational history of the US by thinking beyond and before 9/11, investigating how the dynamics of memory as well as the emergent present influences readers' reception of historical fiction and alternate history fiction and their interpretation of the past. Set against the historical backdrop of WWII, the Vietnam War and the War on Terror, the novels under discussion tell Jewish, Japanese, white American, African, Muslim and Native American stories of trauma and survival. As a means to transmit memories of past events, these novels demonstrate how multidirectional memory can be not only collective but connective, as exemplified by the echoes that post 9/11 readers hear between different histories of violence that the novels chronicle as well as between the past and the present. *1920: America's Great War* Robert Conroy, 2015-03-24 NATIONAL BEST SELLER IN HARDCOVER By the author of breakout WWII era alternate history
