Below it, a human man with a shocked expression is being held by a large, dark alien hand that is gripping his face. The background shows a landscape with a tall, thin alien tower in the distance.

The Historical Dictionary of Science Fiction in Literature covers the history of science fiction in literature through a chronology, an introductory essay, and an extensive bibliography. The dictionary section has over 300 cross-referenced entries including significant people, themes, critical issues, and the most significant genres that have formed science fiction literature. This book is an excellent access point for students, researchers, and anyone wanting to know more about this subject.

Defenders Will McIntosh, 2014-05-13 A new epic of alien invasion and human resistance by Hugo Award-winning author Will McIntosh. The invaders came to claim earth as their own, overwhelming us with superior weapons and the ability to read our minds like open books. Our only chance for survival was to engineer a new race of perfect soldiers to combat them. Seventeen feet tall, knowing and loving nothing but war, their minds closed to the aliens. But these saviors could never be our servants. And what is done cannot be undone.
