**Matthew Schneider-Mayerson**

Between August of 1995 and July of 1996, Speaker of the House of Representatives Newt Gingrich published two books. One, *To Renew America*, a folksy Republican polemic cobbled together from Gingrich's speeches, served as a sequel to *Contract with America*, the blueprint of the conservative movement that assumed control of Congress in 1995.<sup>1</sup> The other was *1945*, coauthored with William R. Forstchen, a novel set in an alternate universe.<sup>2</sup> In *1945*'s divergent timeline, Germany does not declare war on the United States, the Soviet Union is split into fragments, and the United States and Germany have settled into a cold war. Nazi soldiers parachute into the United States to capture a nuclear facility in Tennessee, but posses of arms-bearing American veterans successfully defend their country. *1945* was representative of the flourishing genre of alternate history novels in all but two ways: an author's celebrity and its media exposure. Due to Gingrich's status as the public leader of the conservative renaissance of the mid-1990s, *1945* was widely reviewed in mainstream publications. Treated as a curiosity and ridiculed for its poor literary quality, very few reviewers noted the libertarian themes in *1945*, and even fewer placed it in the context of an inchoate literary genre.<sup>3</sup>

1995 can be considered the birth year of the alternate history novel as a genre. As a conceptual category, the counterfactual, as historians term their *what-if* narratives, has been pursued in print since classical Greece, if not earlier. (In a broad sense, anyone who has wondered "what if?" could be said to be an alternate

Commemorative practices are revised and rebuilt based on the spirit of the time in which they are re created Historians sometimes imagine that commemoration captures history but actually commemoration creates new narratives about history that allow people to interact with the past in a way that they find meaningful As our social values change race gender religion sexuality class our commemorations do too We Are What We Remember The American Past Through Commemoration analyzes current trends in the study of historical memory that are particularly relevant to our own present our biases our politics our contextual moment and strive to name forgotten overlooked and denied pasts in traditional histories Race gender and sexuality for example raise questions about our most treasured myths where were the slaves at Jamestowne How do women or lesbians protect and preserve their own histories when no one else wants to write them Our current social climate allows us to question authority and especially the authoritative definitions of nation patriotism and heroism and belonging How do we un commemorate things that were mis commemorated in the past How do we repair the damage done by past commemorations The chapters in this book contributed by eighteen emerging and established scholars examine these modern questions that entirely reimagine the landscape of commemoration as it has been practiced and studied before

*Science-fiction Studies*, 2006    **Making History Even Worse** Doreen Klahold, 2013-09-23 Seminar paper from the year 2013 in the subject Didactics for the subject English Literature Works grade 1 3 University of Dusseldorf Heinrich Heine language English abstract Many a German would wish to undo his country's past We would prefer that Hitler had never been born that the Third Reich and especially the Holocaust would have never taken place However how is it that an immense number of the non German alternate histories about the Third Reich and there are actually quite a lot depict the world as not better or even worse without Hitler This essay will focus on the uchronian nightmare scenario Making History written by the British author Stephen Fry in 1996 and winner of the Sidewise Award for Alternate History First I will treat

the protagonist's utopian wish to create a better world by preventing Hitler from being conceived and the dystopian effect of the changing of history. This playing with expectations attracts the reader's attention and shows the complexity of history and society even though it naturally has a merely entertaining tenor as well. Second I will briefly analyze that the style of rewriting history, the contrasting juxtaposition of the different chapters and particularly the two opposing parts of the novel and finally the ironic tone implied continuously underline the sometimes satiric developments of fate and the naïve wish of making a better utopian world without being able to assess the outcome. Finally against the concept of alternate history in general it will be seen that alternate history is a means to examine history and present but how history would have turned out differently is hard to tell since it depends on more than just individual events or persons. By thinking about how things could have been worse we perhaps learn to accept that everything that happens shapes us and our present as barbaric as it might be.
