**Patricia St. John Tells Her Own Story** Patricia St. John, 2012-03-21 Anyone who has read Patricia St John's books already knows how her stories come alive and this account of her own life is no exception. Her powers of description make the story leap from the page and the reader is transported to far off places and times and the people and the things she describes can almost be touched, smelled and seen. Patricia was not just a gifted story teller though she was also a deeply committed follower of the Lord Jesus Christ whose spiritual journey began when she was only six years old. My name is Patricia, she prayed and if You are really calling me I want to come and be Yours. Out of that small beginning there issued a river of life and light and blessing that went on increasing right up to the end of her life. Although she always thought of herself as an ordinary sort of girl her life was extraordinary because of her supreme love for Jesus Christ. The life portrayed here is not that of the self conscious saint concerned only with her own saintliness. On the contrary these pages offer us an inside view of someone utterly human, prone to mistakes and failures like the rest of us, yet suffused with the love of God and a contagious joy and peace that was like the bubbling up of a perpetual fountain.

Patricia Mary St. John, 1995    **Rediscovered Classics of Japanese Animation** Maria Chiara Oltolini, 2024-01-25

Rediscovered Classics of Japanese Animation is the first academic work to examine World Masterpiece Theater Sekai Meisaku Gekij 1969-2009 which popularized the practice of adapting foreign children's books into long running animated series and laid the groundwork for powerhouses like Studio Ghibli. World Masterpiece Theater Sekai Meisaku Gekij 1969-2009 is a TV staple created by the Japanese studio Nippon Animation which popularized the practice of adapting foreign children's books into long running animated series. Once generally dismissed by critics the series is now frequently investigated as a key early work of legendary animators Isao Takahata and Hayao Miyazaki. In the first book length examination of the series Maria Chiara Oltolini analyzes cultural significance of World Masterpiece Theater and the ways in which the series pioneered the importance of children's fiction for Japanese animation studios and laid the groundwork for powerhouses like Studio Ghibli. Adapting a novel for animation also means decoding and re-coding socio-cultural patterns embedded in a narrative. World Masterpiece Theater stands as a unique example of this linguistic, medial and cultural hybridisation. Popular children's classics such as Little Women, Peter Pan and Anne of Green Gables became the starting point of a full-fledged negotiation process in which Japanese animators retold a whole range of narratives that have one basic formula in common: archetypal stories with an educational purpose. In particular the series played a role in shaping the pop culture image of a young girl who joins. Examining the series through the lens of animation studies as well as adaptation studies, Oltolini sheds new light on this long-neglected staple of Japanese animation history.
