## **Patrimoines, héritages et développement rural en Europe:**

*Patrimoines, héritages et développement rural en Europe* Pascal Chevalier, Marc Dedeire, Geneviève Cortes, Alain Berger, 2010-10-01 La reprise du graphique le déploiement des fonctions rurales identitaires et touristiques et les nouvelles formes de mobilité attestent une certaine dynamique des espaces ruraux. Avec la crise du modèle urbain l'image positive va être par les campagnes et leur patrimoine explique en partie cette attractivité. À quels moments de l'histoire le système des représentations des espaces ruraux renvoie-t-il? Quelles images va-t-il? Comment s'inscrit-il dans les politiques publiques de développement territorial?

**Rural Europe** Keith Hoggart, Henry Buller, Richard Black, 1995 This book examines the interaction at national and international level of the economic, political and social change processes within Europe that are bringing about fundamental transformations in rural areas. Although such changes are experienced at a local level they are heavily imbued with a national tone given that European nations possess distinctive visions of their rural areas. These rural identities set limits within which economic, political and social agents can act. Yet these limits are constantly being subjected to strain particularly with the globalization of economic activity and the strengthening impetus for integrated EC policies.
