

## Sample Police Report

---

The text below is an example of a police report. Notice the following points about it:

- It is written in clear, simple English.
- Dates, times and other details are recorded as precisely as possible.
- The "register" (level of language) is formal. For example, there are no short forms such as "didn't" and no colloquial words such as "nicked". Similarly, the formal word "purchased" is used instead of "bought".
- The report is impersonal. The writer focuses on the events and the evidence, not on his own thoughts or feelings.

Case Number: **VT 05/04/01/3462**

Incident: **Vehicle Theft**

Reporting Officer: **Constable René Artois**

Date of Report: **06 February 2003**

At about 1040hrs on 5 April 2001, I met with Ms. Vanessa Kahn at 61 Southside Drive regarding a vehicle theft. Ms. Kahn said she parked her car by a parking meter outside Southside Shopping Centre at about 0945 hours and went into a nearby shop to return a faulty torch she had purchased the previous day. She said that when she returned to the leisure centre at about 1000 hours, she discovered her car was missing.

Ms. Kahn described her car as metallic silver, 2000, Audi Cabriolet A4 1.8 T S-line, with black fabric roof. Registered in the UK, the car registration number is GTL-682-P. She estimated the value of the car at €19,500 and said there were no distinguishing marks or items.

Ms. Kahn told me she locked the car, but she does not have the keys. She now believes she may have left the keys in the boot lock after removing the faulty torch from the boot. Ms. Kahn said she had not given permission for anyone to take her car, and she is up to date with her loan repayments.

I conducted a survey of the crime scene but found no items of evidence. I saw no broken glass in the area, and there were no items to retrieve or photograph.

I obtained a sworn statement from Ms. Kahn and provided her with the case number and Information Leaflet 99/07 ("What to do when your car is stolen"). I entered the vehicle into the station database as a stolen vehicle. I also searched the area but was unable to find the vehicle.

**Report Writing for Criminal Justice Professionals** Larry S. Miller, John T. Whitehead, 2014-10-13 The criminal justice process is dependent on accurate documentation. Criminal justice professionals can spend 50-75% of their time writing administrative and research reports. *Report Writing for Criminal Justice Professionals* Fifth Edition provides practical guidance with specific writing samples and guidelines for providing strong reports. Much of the legal process depends on careful documentation and the crucial information that lies within but most law enforcement, security, corrections and probation and parole officers have not had adequate training in how to provide well-written, accurate brief and complete reports. *Report Writing for Criminal Justice Professionals* covers everything officers need to learn from basic English grammar to the difficult but often ignored problem of creating documentation that will hold up in court. This new edition is updated to include timely information including extensive coverage of digital reporting, updates on legal issues and privacy rights and expanded coverage of forensics and scientific reporting.

**Protecting Library Staff, Users, Collections, and Facilities** Pamela J. Cravey, 2001 We live in an age when every library in every community must address security issues ranging from theft to the safety of staff and patrons. Pamela Cravey's *Protecting Library Staff, Users, Collections, and Facilities* is a pragmatic step-by-step instructional guide for insuring staff and patron safety, securing general and special collections, electronic files and systems and coping with the legal issues raised by various security measures. Libraries are deftly guided through the complexities of modern security while being given practical recommendations for planning and executing a sound and responsible library security package. The key is to consider security a process rather than an event. *Protecting Library Staff, Users, Collections, and Facilities* is a superbly presented how-to manual that is very highly recommended reading for librarians and library board members for urban, suburban, rural, public, academic, corporate, governmental and private library systems.
