German philosopher Friedrich Nietzsche composed in four parts between 1883 and 1885 Much of the work deals with ideas such as the eternal recurrence of the same the parable on the death of God and the prophecy of the Overman which were first introduced in *The Gay Science* Described by Nietzsche himself as the deepest ever written the book is a dense and esoteric treatise on philosophy and morality featuring as protagonist a fictionalized Zarathustra A central irony of the text is that the style of the Bible is used by Nietzsche to present ideas of his which fundamentally oppose Judaeo Christian morality and tradition Friedrich Nietzsche's Teaching Friedrich Nietzsche, Friedrich Wilhelm Nietzsche, Thomas Common, 2009 Composed in four parts between 1883 and 1885 much of the work deals with ideas such as the eternal recurrence of the same the parable on the death of God and the prophecy of the Overman Described by Nietzsche himself as the deepest ever written the book is a dense and esoteric treatise on philosophy and morality featuring as protagonist a fictionalized Zarathustra A central irony of the text is that Nietzsche mimics the style of the Bible in order to present ideas which fundamentally oppose Christian and Jewish morality and tradition *Thoughts Out of Season* Friedrich Wilhelm Nietzsche, 2016-02-16 Friedrich Nietzsche was a German philosopher who wrote many critical works on religion morality science and culture with heavy use of metaphors and irony His works remain heavily influential over a century after his death

Thoughts Out of Season, Friedrich Wilhelm Nietzsche, 1876-06-03 THE Editor begs to call attention to some of the difficulties he had to encounter in preparing this edition of the complete works of Friedrich Nietzsche Not being English himself he had to rely upon the help of collaborators who were somewhat slow in coming forward They were also few in number for in addition to an exact knowledge of the German language there was also required sympathy and a certain enthusiasm for the startling ideas of the original as well as a considerable feeling for poetry and that highest form of it religious poetry Such a combination a biblical mind yet one open to new thoughts was not easily found And yet it was necessary to find translators with such a mind and not be satisfied as the French are and must be with a free though elegant version of Nietzsche What is impossible and unnecessary in French a faithful and powerful rendering of the psalmistic grandeur of Nietzsche is possible and necessary in English which is a rougher tongue of the Teutonic stamp and moreover like German a tongue influenced and formed by an excellent version of the Bible **Human, All Too Human** Friedrich Nietzsche, 2017-12-11 Human All Too Human is a book by 19th century philosopher Friedrich Nietzsche originally published in 1878 A second part Assorted Opinions and Maxims was published in 1879 and a third part The Wanderer and his Shadow followed in 1880 The book is Nietzsche's first in the aphoristic style that would come to dominate his writings discussing a variety of concepts in short paragraphs or sayings Reflecting an admiration of Voltaire as a free thinker but also a break in his friendship with composer Richard Wagner two years earlier Nietzsche dedicated the original 1878 edition of Human All Too Human to the memory of Voltaire on the celebration of the anniversary of his death May 30 1778 Instead of a preface the first part originally included a quotation from Descartes's Discourse on the Method Nietzsche later republished all three

parts as a two volume edition in 1886 adding a preface to each volume and removing the Descartes quote as well as the dedication to Voltaire *Human, All-Too-Human; Part II* Friedrich Wilhelm Nietzsche, 2020-10-27 Friedrich Wilhelm Nietzsche 1844 1900 was a German philosopher cultural critic composer poet and philologist whose work has exerted a profound influence on modern intellectual history He began his career as a classical philologist before turning to philosophy becoming the youngest person ever to hold the Chair of Classical Philology at the University of Basel in 1869 at the age of 24 He resigned in 1879 due to health problems that plagued him most of his life and during the following decade completed the core of his output as a writer Aged 44 in 1889 he suffered a collapse and afterwards a complete loss of his mental faculties living his remaining years in the care of his mother until her death in 1897 and then his sister until his own death in 1900 Nietzsche's writing spans philosophical polemics poetry cultural criticism and fiction while displaying a fondness for aphorism and irony Prominent elements of his philosophy include his radical critique of truth in favour of perspectivism genealogical critique of religion and Christian morality and related theory of master slave morality aesthetic affirmation of existence in response to the death of God and the profound crisis of nihilism and the characterization of the human subject as the expression of competing wills collectively understood as the will to power *Human All too Human A Book of Free Spirits* was Nietzsche's first work in the aphoristic style that would become dominant in his writings and this 1913 English translation by Paul Victor Cohn of Part II includes *Miscellaneous Maxims and Opinions* and *The Wanderer and His Shadow* originally published in 1879 and 1880 respectively The aphorisms vary from a few words to a few pages but most are short paragraphs and the subjects covered range over the whole human province the emotions and aspirations the religions cultures and philosophies and the arts literatures and politics of mankind The book represents the beginning of Nietzsche's middle period with a break from German Romanticism and from Wagner and with a definite positivist slant Reluctant to construct a systematic philosophy this book comprises more a collection of debunkings of unwarranted assumptions than an interpretation It contains the seeds of concepts crucial to Nietzsche's later philosophy and he uses perspectivism and the idea of the will to power as explanatory devices though the latter remains less developed than in his later thought

Thoughts Out of Season Friedrich Wilhelm Nietzsche, 2018-04-03 **Thus Spake Zarathustra** Friedrich Wilhelm Nietzsche, 2021-03-12 *Thus Spake Zarathustra* is an important philosophical text by German philosopher Friedrich Nietzsche In it he begins his exploration of morality questioning the assumption of Christianity or Judaism as a basis for morality He wrote about the death of God and the *bermensch* superhuman who would have supreme morality Ironically Nietzsche mimics the style of the Bible fictionalizing Zarathustra as his protagonist
