Power Politics And Culture Interviews With Edward W Said:

Power, Politics, and Culture Edward W. Said, 2007-12-18 Edward Said has long been considered one of the world's most compelling public intellectuals taking on a remarkable array of topics with his many publications. But no single book has encompassed the vast scope of his stimulating erudition quite like *Power Politics and Culture*. A fascinating oblique entry into the mind of one whose own writings are a brilliant questioning chronicle of contemporary culture and values. Nadine Gordimer. In these twenty-eight interviews Said addresses everything from Palestine to Pavarotti from his nomadic upbringing under colonial rule to his politically active and often controversial adulthood and reflects on Austen, Beckett, Conrad, Naipaul, Mahfouz, and Rushdie as well as on fellow critics Bloom, Derrida, and Foucault. The passion Said feels for literature, music, history, and politics is powerfully conveyed in this indispensable complement to his prolific life's work.

Power, Politics, and Culture Edward W. Said, 2005 This title provides a collection of interviews with Edward Said, a foremost thinker of our times. **Why the Humanities Matter** Frederick Luis Aldama, 2009-09-15 This wide-ranging study of the influence of postmodernism on contemporary culture offers a trenchant and uplifting defense of the humanities. Is there life after postmodernism? Many claim that it sounded the death knell for history, art, ideology, science, possibly all of Western philosophy, and even the concept of reality itself. Responding to essential questions regarding whether the humanities can remain politically and academically relevant amid this twenty-first century uncertainty, *Why the Humanities Matter* offers a guided tour of the modern condition, calling upon thinkers in a variety of disciplines to affirm essential concepts such as truth, goodness, and beauty. Through a lens of new humanism, Frederick Aldama provides a liberating examination of the current cultural repercussions of assertions by such revolutionary theorists as Said, Foucault, Lacan, and Derrida, as well as Latin Americanists such as Sommer and Mignolo. Emphasizing pedagogy and popular culture with equal verve, Aldama presents an enlightening way to explore what culture actually does, who generates it, and how it shapes our identities and the role of academia in sustaining it. [The Perils of the One](#) Stathis Gourgouris, 2019-07-30 From the earliest times, societies have been seduced by the temptation of unitary thinking. Recognizing the vulnerability of existence, people and cultures privilege regimes that confer authority on a single entity: a sovereign ruler, a transcendental deity, or an Event which they embrace with unquestioned devotion. Such obsessions precipitate contempt for the worldliness of real bodies in real time and refusal of responsibility and agency. In *The Perils of the One*, Stathis Gourgouris offers a philosophical anthropology that confronts the legacy of monarchical thinking, the desire to subjugate oneself to unitary principles and structures, whether political, moral, theological, or secular. In wide-ranging essays that are at once poetic and polemical, intellectual and passionate, Gourgouris reads across politics and theology, literary and art criticism, psychoanalysis, and feminism in a critique of both political theology and the metaphysics of secularism. He engages with a range of figures from the Apostle Paul and Trinitarian theologians to La Boétie, Schmitt, and Freud to contemporary thinkers such as Clastres, Said,

Castoriadis i ek Butler and Irigaray At once a broad perspective on human history and a detailed examination of our present moment *The Perils of the One* offers glimpses of what a counterpolitics of autonomy would look like from anarchic subjectivities that refuse external ideals resist the allure of command and obedience and embrace otherness *Frantz Fanon and the Future of Cultural Politics* Anthony C. Alessandrini, 2014-07-01 This book focuses on a reading of Frantz Fanon's work and life asking how the work of a revolutionary writer such as Fanon might be best appropriated for contemporary political and cultural issues Separate chapters introduce Fanon's life and examine the question of Fanon as our contemporary review the field of Fanon studies that has grown up around his work bring Fanon into conversation with the critical contemporary figures Edward Said Michel Foucault Jamaica Kincaid and Paul Gilroy and turn to Fanon's work to think through the contemporary popular uprisings that have come to be known as the Arab Spring The book concludes by arguing that a reevaluation of Fanon's life and work can provide us with a particular set of lessons about solidarity lessons that are crucial for the contemporary political struggles that face us today and that will continue to confront us in the future Finding Something Different *Frantz Fanon and the Future of Cultural Politics* is inspired by Fanon's unsparing struggle against the depredations of racism and colonialism and his lifelong commitment to finding something different **Continental Philosophy and the Palestinian Question** Zahi Zalloua, 2017-02-23 From Sartre to Levinas continental philosophers have looked to the example of the Jew as the paradigmatic object of and model for ethical inquiry Levinas for example powerfully dedicates his 1974 book *Otherwise than Being* to the victims of the Holocaust and turns attention to the state of philosophy after Auschwitz Such an ethics radically challenges prior notions of autonomy and comprehension two key ideas for traditional ethical theory and more generally the Greek tradition It seeks to respect the opacity of the other and avoid the dangers of hermeneutic violence But how does such an ethics of the other translate into real everyday life What is at stake in thinking the other as Jew Is the alterity of the Jew simply a counter to Greek universalism Is a rhetoric of exceptionalism with its unavoidable ontological residue at odds with shifting political realities Within this paradigm what then becomes of the Arab or Muslim the other of the Jew the other of the other so to speak This line of ethical thought in its desire to bear witness to past suffering and come to terms with subjectivity after Auschwitz arguably brackets from analysis present operations of power Would then a more sensitive historical approach expose the Palestinian as the other of the Israeli Here Zahi Zalloua offers a challenging intervention into how we configure the contemporary **Z.
