optional relay card you can easily integrate your UPS into existing company management systems. In addition, the wide range of options such as external battery cabinets, and transformer cabinets enable customization for a wide range of applications.

The unique Advanced Battery Management (ABM) function prolongs the service life of batteries by 50%. And when ABM informs the user that the batteries should be changed, this can easily be done without running down the load (hot swappable batteries).

The Powerware 9120 is supplied bundled with the Powerware Software Suite that includes everything required for trouble free operation. LanSafe included on the software package monitors all network devices and provides an orderly shutdown in the event of extended power outage. The PW 9120 also caters for advanced users who may require an additional interface to work with a slot for COM options like RS485/RS422 card and an ASU400 card. These options give the opportunity to build up a management system that will integrate to other management systems in a company.
