Case Studies Phonics Practice:

Educational Disability and Case Studies in Remedial Teaching Harry Jay Baker, 1929 **The Early Years Teacher's Book** Leonie Abrahamson, 2018-02-26 This book guides you through what you need to know about Early Years Teacher Status step by step. It explains how you can work to meet each of the Standards and assessment requirements. The author addresses trainees' common concerns about early years practice and study skills and meeting EYTS requirements and gives many examples of the strategies that trainees found most helpful. Each chapter explores each aspect of every Standard and indicator with notes on theory, practical tips, case studies, activities and suggestions for further reading. This book helps you to understand all aspects of each Standard and indicator, link your practice to the Standards, understand the assessment requirements and how to strengthen your evidence plan and track your evidence, complete your written assignments and create your portfolio with confidence, develop the skills needed to take on a leadership role. This Second Edition has been updated to include new guidance on Standard 7 around the Prevent Agenda and the work of Channel. The text is also updated to include information on the Integrated review at age 2.

The Psychology of Reading Paula J. Schwanenflugel, Nancy Flanagan Knapp, 2015-11-11 Incorporating cognitive neuropsychological and sociocultural perspectives, this authoritative text explains the psychological processes involved in reading and describes applications for educational practice. The book follows a clear developmental sequence from the impact of the early family environment through the acquisition of emergent literacy skills and the increasingly complex abilities required for word recognition, reading fluency, vocabulary growth and text comprehension. Linguistic and cultural factors in individual reading differences are examined, as are psychological dimensions of reading motivation and the personal and societal benefits of reading. Pedagogical Features: End of chapter discussion questions and suggestions for further reading. Explicit linkages among theory, research, standards including the Common Core State Standards and instruction. Engaging case studies at the beginning of each chapter. Technology Toolbox explores the pros and cons of computer-assisted learning.

Early Literacy For Under-Fives Karen Boardman, 2024-01-05 Embracing a multi-modal approach to early literacy, this textbook supports students as aspiring early years professionals with their understanding of early reading for under-fives and the critical links to language literacy and learning. This book looks at early literacy in all its forms, including mark-making, sharing stories, making music and covers the breadth of literacy learning opportunities that take place outdoors and in museums, art galleries and more. With chapters on phonics, the deficit model, digital literacies and storytelling, this book is packed with everything you need to support you on your degree and help you to develop into a literacy advocate for under-fives. This key text features individual chapter overviews that enable you to review and rethink activities that bring theory into practice and engaging case studies to provoke deeper thought. With reflection points and review and rethinking pedagogy sections, this interactive book emphasises the importance of engaging young children with early literacy activities.
